**1. Formatting Instructions :** Format your final paper as a PDF file in the IEEE conference proceedings in two-column format (same as the submission format). Regular papers can be up to 5 pages in length. Short papers can be up to 4 pages in length. Please follow the formatting instructions and templates from IEEE. Be sure to use the template's conference mode.

You can download template and Latex templates are available from:

Please use high resolution images for diagrams.

Add following **FOOTER** for the conference at **all pages** except the first page BOTTOM Centre in italics 11 point font:
